Instrumentation & Control, Tank Gauging System Is Our Business

We are centrally located next to Kaki Bukit MRT Station

Relaxing sporting facilities

Down Memory Lane 1/3

1991

- Founded in Jan 1991 as an Instrumentation servicing company.
- Providing onsite loop checking, start up, testing & commissioning + maintenance services to EPC & System integrators such as ABB, Chiyoda & Honeywell.

1992

- Officially appointed by Saab Tank Control as their exclusive distributor for Tank Gauging System in Singapore in Mar 1992
- In May 1992 - Secured the first ever CT Grade Radar based Tank Gauging Project in ASIA – CAFHI Singapore
- TGS took off and grew exponentially from 1992

Down Memory Lane 2/3

- Appointed by Berthold GMBH Industrial Div as their exclusive distributor for Nucleonics / Radioactive Instrumentation for Singapore.

1993

- Appointed by ITT Barton + ITT NeoDyn as their exclusive distributor for Singapore in 1993
- In July 1993, took over BCS Engineering Pte Ltd and changed the name to Gauging & Automation Pte Ltd
- Products and services expanded to cover more industries
- Appointed by more Instrumentation manufacturers as their exclusive distributor

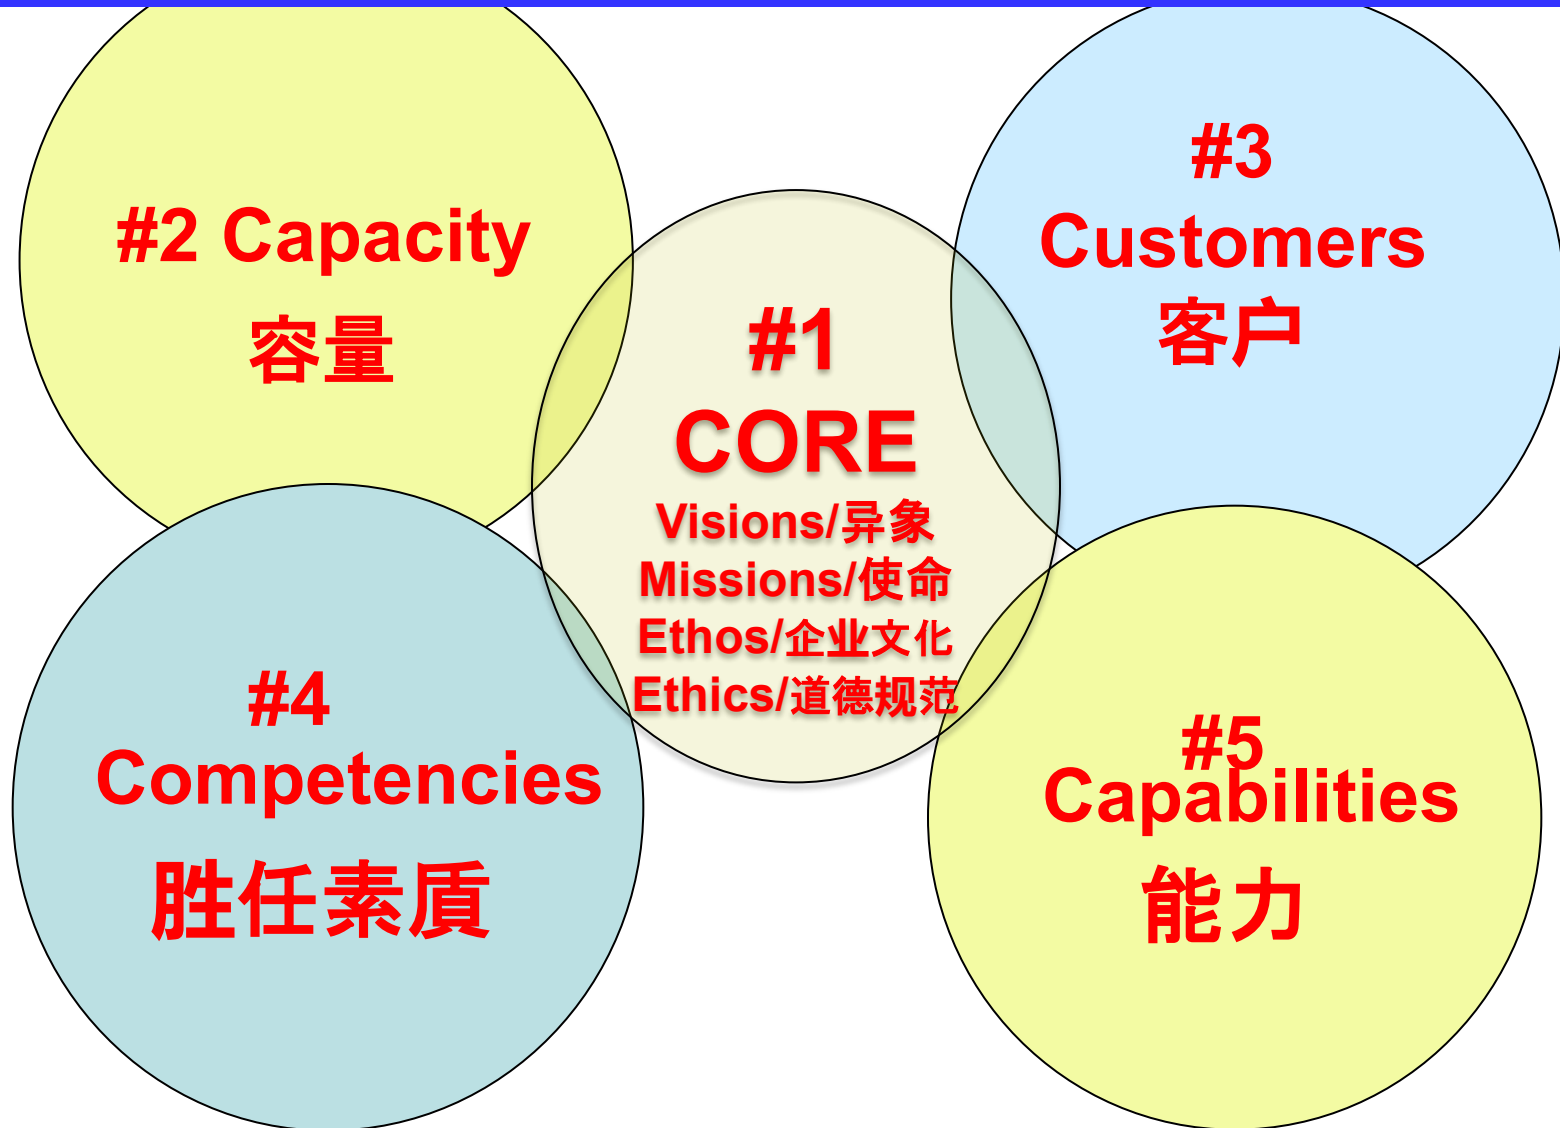

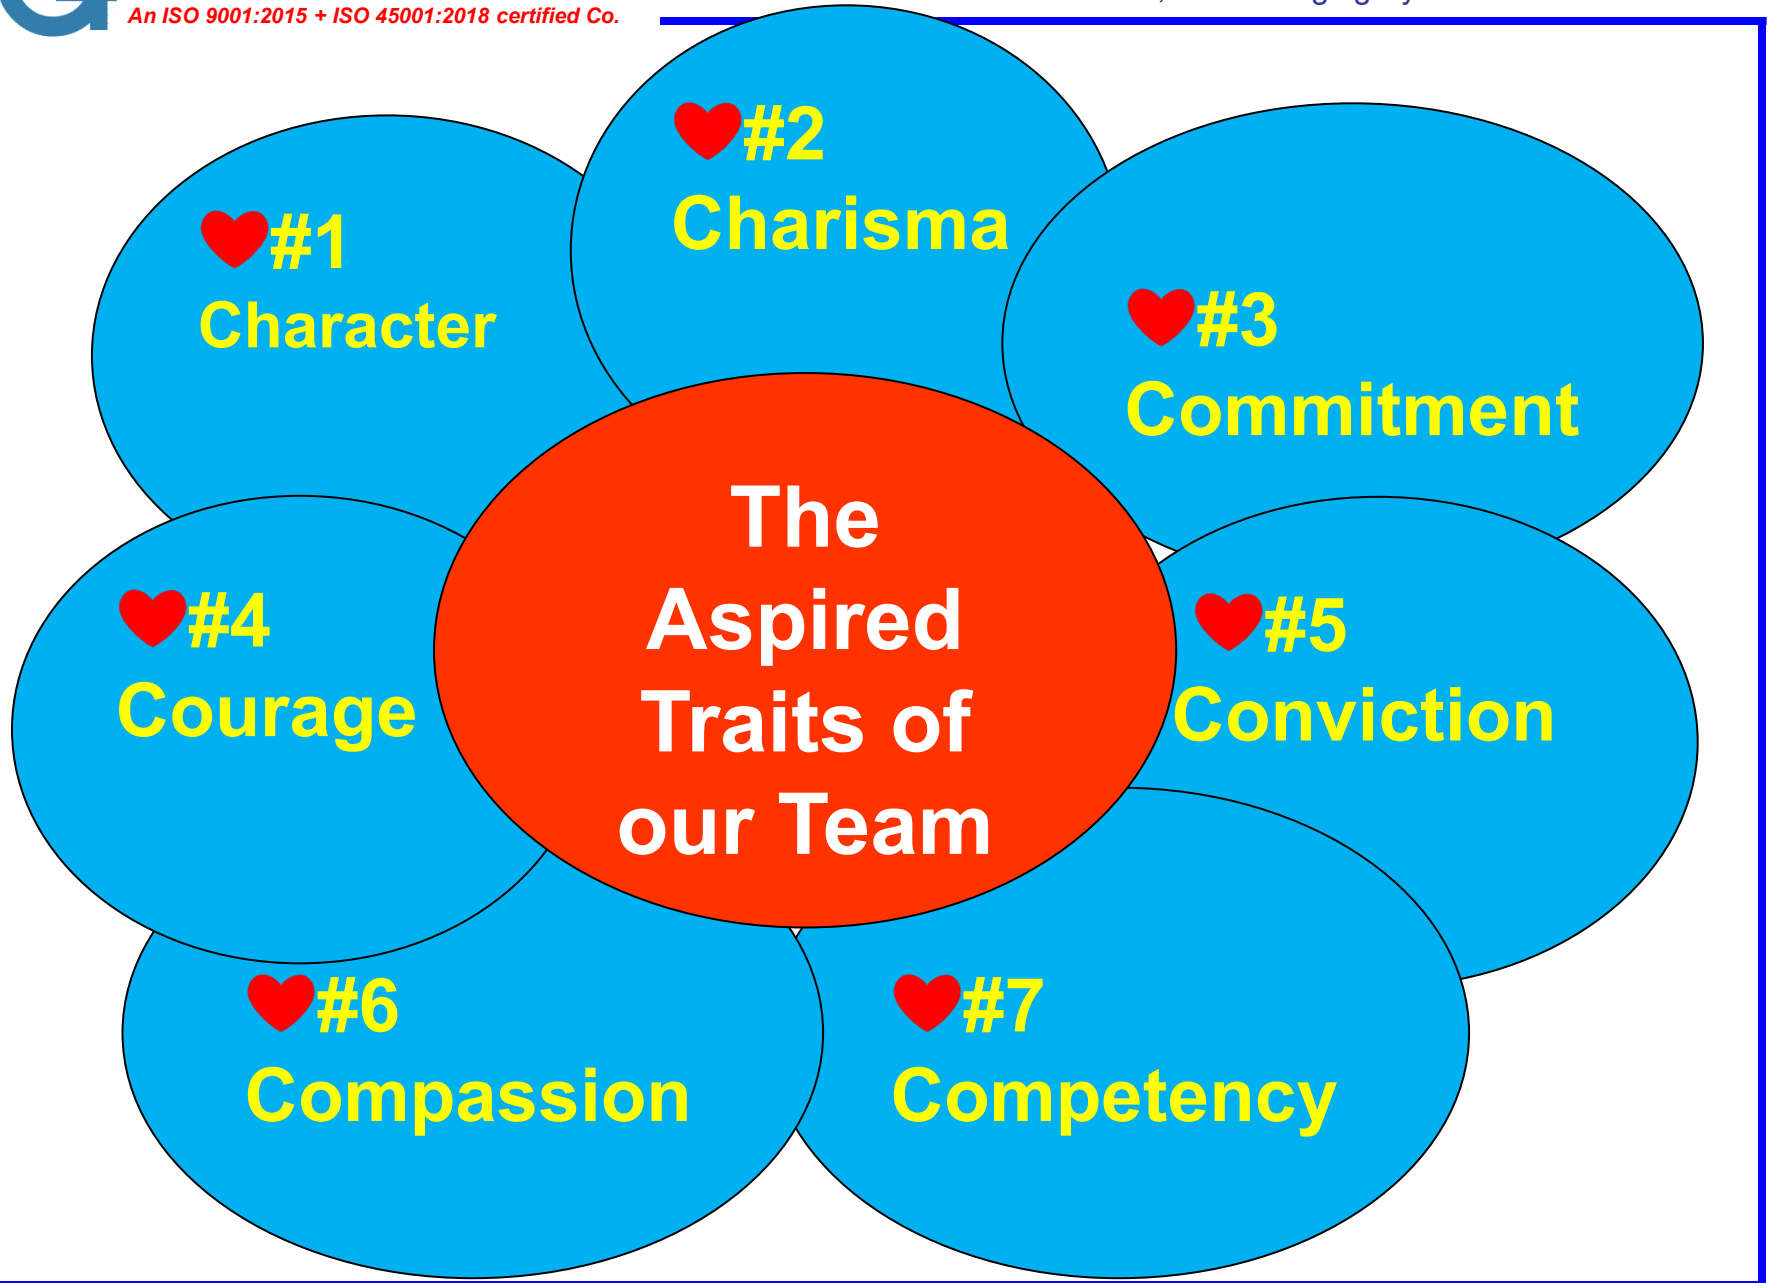

Down Memory Lane 3/3

- The only constant is change - Over the years , our principals have either consolidated, merged and grow bigger
- Saab Tank Control became SaabRosemount to finally to become part of Emerson Group.
- ITT Barton was acquired by Nuflo and then by Cameron Group under Schlumberger, it is now reorganized under SensiaGlobal .
- Berthold was acquired by EG&G and then PerkinElmer and now back the original owner Berthold GMBH again
- Controlotron Ultrasonic FM was acquired by Siemens
- Ownership & entity changed, market changes, but G&A remain and continue to be their exclusive distributors, thank you **for your trust and faith in us** – we will continue to contribute to add value and grow our mutual business further....

The 5 Cores of our company

Our Vision Statement

异象/愿景

To be the most preferred and trusted Process Instrumentation & Control and Tank Gauging System vendor on the market via a spirit of relentless lifelong learning, innovation & collaborative partnership.

Our Mission Statement/ 使命

- To forge a professional win-win alliance with our principals and suppliers with trust and honor
- To inspire and grow a dedicated, knowledgeable & customer centric team to serve our customers with humility, integrity and professionalism.
